

Robert C. Byrd Congressional Papers

Title: Speeches **Date:** 1952-2008

Level: Series, Archival

Scope & Content: The Speeches Series contains speeches given by Senator Robert C. Byrd throughout most of his years in the U.S. House of Representatives and the U.S. Senate, ranging in date between 1952 and 2008. The speeches include floor statements, dedications, public appearances, memoranda, and correspondence. Folders may contain both original and/or photocopied versions of speeches, some of which include annotations and handwritten notes.

The series is arranged chronologically and the folders are labeled by the speech title as displayed on the original document. The speeches that did not have titles were reviewed by the processing archivist and titled to reflect the main idea within the content of the speech. The speeches that weren't marked with dates were placed at the end of the collection and arranged alphabetically by title.

Note: The records in the Speeches Series may overlap with similar records which appear in the Press Files and Congressional Record Clippings Series of the Robert C. Byrd Congressional Papers Collection.

Container List- Speeches
